

GENEALOGY CLUB
REGULAR MEETING
26 MAY 2010

The May 26 meeting of the Genealogy Club was held at the Rockville Senior Center. The meeting was opened at 7:30 pm by Lorraine Minor, President. She began the meeting with announcements about the Club picnic, the closing of Waters House, the need for volunteers for genealogical web projects, and new hours for the Society and Sween Library. New members or guests were asked to share the family names and locations that they are researching. She gave a brief description of the programs planned for the 2010 fall meetings.

Tonight's speaker is Laura Prescott. She is a representative for Footnote.com, a new genealogical search engine. [Footnote](http://Footnote.com) is a subscription program. With a live computer demonstration, Laura presented approaches and tricks that can be used to search and browse Footnote.com effectively to build a family history. [Footnote](http://Footnote.com) has partnered with NARA, Library of Congress and other institutions to digitize their microfilm and textual documents.

The meeting closed at 8:45 pm and Laura stayed for questions.
